Note 1: Include cases of which the complainants refused to release the medical reports to CAPO for investigation/no medical reports were available to CAPO due to the voluntary withdrawal of the complaints by the complainants/the complainants could not be contacted/there was no need to obtain copies of the medical reports as the complaints had been judicially resolved.

Note 2: Figures in brackets denote the percentage to the total number of complainants involved.

Note 3: Percentage shares may not add up to the total due to rounding.

\* In 2001, the complainants involved received medical treatment for lacerations or cut wounds only.
